

## WILL LAY CORNER STONE.

Ceremony on Norfolk Government Building Shortly.

MASONS ARE INVITED TO DO IT.

Grand Lodge Officers Will Be Here. The Date Will Come Next Week but is Not Yet Definitely Known. Thousands Expected to Witness.

[From Saturday's Daily.]

The corner stone on the Norfolk government building will be laid next week, the date not yet definitely settled, by the Masonic lodge. Grand officers of the order will be in the city to have charge of the ceremony, and the occasion will be one altogether impressive and distinctly notable in the history of the city.

The local lodge is now in communication with the grand lodge officers so that the day can not be determined until they are heard from. C. E. Burnham, of Tilden, a grand lodge deputy, has communicated with the officers who are to be present, and a reply is expected within a day or so.

It will be a memorable day for Norfolk, and no doubt thousands of people will watch the ceremony.

### SATURDAY SIFTINGS.

C. S. Smith is here from Madison today.

Mrs. Herman Hogrofe and children here in the city yesterday from Battle Creek.

Dr. K. W. Williams has returned from a professional trip through north Nebraska.

J. W. Henderson caught an eighteen pound catfish in the Elkhorn at his place five miles west of town.

C. B. Burrows, an erstwhile banker of this city, now of Sheridan, Wyo., is in town looking after business matters.

A. J. Dunlevy, W. W. Weaver and C. A. Saxton, three of Tilden's prominent citizens, were Norfolk visitors yesterday.

Jack McNicols, an old time resident of Norfolk was in the city last night from his home at Atkinson to join the Eagles.

Burt Mapes, who attended the grand lodge of Masons in Omaha, returned last night. He served on the committee of grievances.

Mrs. T. Sheehan and daughter leave tomorrow evening for Chadron, where they will visit for a short time. Mrs. Sheehan has been there several weeks.

The little Lough boy has shown much improvement lately and it is believed that he will fully recover from his recent sickness unless another abscess develops in his head.

A local thunder shower of unusual severity fell yesterday afternoon at Warnerville and south of there. Several persons coming into town from that direction were drenched with the shower.

A Fremont undertaker has on his hands the body of a man accidentally killed on the railroad, whose name and place of residence is unknown. The body will be held pending the identification of relatives or friends of the deceased.

A special meeting of the city council will be held Monday morning at 9, to consider the proposition of vacating part of Fourth street and part of Washington street for the Northwestern railroad company. Grading began today for the new yards.

Great improvement has been noted in the condition of Miss Grace Spear during the past week, until yesterday when symptoms indicated a slight attack of pneumonia, but from which it is hoped and believed that nothing of a serious character will develop.

The Grand Island Independent, in one issue, has the name of the president of the pharmaceutical association spelled in three ways, Hopping, Hopple and Hoppings, and its readers are justified in given to wonder which is right, or whether the association has three presidents.

Two large lifting derricks were erected upon the government building yesterday afternoon, one at the west end and one at the east end. They will be used in handling the heavy stone and granite. The large derrick to be used after the building is started, has not yet been brought from the car.

Miss Edith Morrow, Miss Anne Seymour and Miss Esther Mason left today for the Pacific coast. Miss Seymour goes to visit relatives in Los Angeles, Miss Morrow will visit her sister in Sedro-Woolley, Washington, and Miss Mason goes to Seattle, where her father has purchased a grocery store.

C. B. Haggard, local manager for the American express company, has resigned his position, to take effect July 1, or before. He finds the indoor work too confining for his health, and will engage in the insurance business. The cottage occupied by Mr. and Mrs. Haggard, on Koenigstein avenue, has been rented to C. E. Green.

Charles Hooligan, a lad under the guardianship of A. Buchholz, broke his arm last evening while scuffling with another boy in play. He was driving home a cow and fell upon a sidewalk in his fun. Afterward he continued to take the cow home, with the broken member hanging at his side, before a physician was called.

The Nebraska State Pharmaceutical association will meet next year in Fremont, that place having been selected during the meeting held in Grand Island this week. Norfolk and Omaha extended invitations, but withdrew in favor of Fremont, that town having been a competitor against Grand Island

for this year's meeting. If this is the rule of the association Norfolk will probably come in for the meeting two years hence.

Commissioner H. W. Winter is still suffering with his left hand, which has given him continual trouble during the past sixteen weeks, when the wrist was broken. Under the care of a physician, with splints and bandages and treatments, the ailing member seems to be rapidly getting no better and Mr. Winter has begun to worry over it.

The firemen today expressed bills advertising the tournament to various towns in the state where they will be posted and inform the people that in Norfolk on July 21, 22 and 23, will be found attractions that will invite the attendance of persons living at long distances from this city. With the posting of the large bills the event will have been very effectually advertised.

W. R. Hoffman has a letter from his brother in New Jersey that says they have had no rain there for more than forty days and that there will be no hay at all and a scant yield of other crops unless the situation is speedily relieved by a generous downpour of moisture. It is so dry there that the sod actually takes fire and burns. Nebraska could well have afforded to exchange about a week of its weather for that which has been experienced in New Jersey recently.

Under the warmth of the sun, which has been permitted to reach the earth during a large portion of the past day or two, the roads have been drying rapidly, but are being left with chasm-like ruts and mountainous bumps that are almost as serious a menace and difficulty to teamsters as the bottomless mud holes of which they have been the nucleus. The sun has shown with such warmth during today as to attract toward it some threatening thunder clouds but nothing more than a sprinkle has resulted from them.

Some of the residents of the west side had the pleasure of viewing from a safe distance a perfect cyclone formation. The cloud from which the twister formed must have been five or six miles distant toward the south but the writhings of the tail, which was of considerable length, could be plainly seen. It appeared to leave the earth in a southwesterly direction. No damage has been reported from that locality. The neighborhood that witnessed the baby twister was considerably agitated during the time its convolutions were apparent.

### Alum Baking Powders.

There are so many alum baking powders about, most of which are represented to be made of cream of tartar, that the following list of powders in which chemists have found alum will be of value:

CALUMET,  
K. C.,  
RABBIT'S FOOT,  
O. P.

### SHOULD REQUEST FREE SERVICE.

Blanks for Mail Delivery Should be Filled Out and Returned.

[From Tuesday's Daily.]

"Those desiring free delivery who have not already filled out applications," said Postmaster Hays this morning, "should fill out blanks that have been supplied them or which can be had at the postoffice, and return them to some member of the postoffice force or place them in a collection box without postage. The duties of carriers will not allow them to collect blanks from door to door. If every one would notify all correspondents and publishers from whom periodicals are received, of his correct street and house number and ask them to put on all mail matter sent to this city, it would save carriers an immense amount of time and labor and insure prompt service here."

### Ames, Neb., Short-horn Sale.

On June 23-24, at Ames, Neb., will be held one of the most notable Short-horn sales ever held in Nebraska. The Standard Cattle company will disperse their fine herd of sixty registered cows. These cows were selected by R. M. Allen, manager, from which to breed bulls for their extensive ranch interests in western Nebraska. As the Ames place is being sold out in small farms, no suitable place will be available on which to keep the registered herd, thus compelling the dispersion of the herd. Twenty-five or thirty splendid bulls are contributed by prominent Short-horn breeders, among these being Geo. E. Ward, C. D. Bellows and T. J. Ryan. For particulars and free catalogue, write Robt. Bart, Jr., Council Bluffs, Ia.

Greatly Reduced Rates Via Wabash Railroad.

Below is a partial list of the many half rates offered via the Wabash railroad:

Atlanta, Ga., and return, \$32.10. Sold July 5, 6 and 7.  
Indianapolis, Ind., and return, \$19.40. Sold July 7, 8 and 9.  
St. Louis, Mo., and return, \$13.50. Sold June 13, 14, 15, 16 and 17.  
Boston, Mass., and return, \$31.75. Sold June 24, 25 and 26.  
Boston, Mass., and return, \$33.75. Sold June 30 to July 4.  
Saratoga, N. Y., and return, \$32.20. Sold July 4 and 5.  
Detroit, Mich., and return, \$21.00. Sold July 14 and 15.  
Baltimore, Md., and return, \$32.25. Sold July 17 and 18.  
Baltimore, Md., and return, \$32.25. Sold July 17, 18 and 19.  
All tickets reading over the Wabash are good on steamers in either direction between Detroit and Buffalo without extra charge, except meals and berths. Long limits and stop-overs allowed. Remember this is "The World's Fair Line." Go this route and view the grounds!

Omaha, Neb.

## FREE DELIVERY STARTS.

Carriers Begin Official Duties Today.

ONE WEEK BEHIND SCHEDULE.

They are Finding Out Today Whether You Want Your Mail Delivered or Not—Did Not Need Bonds Approved Beforehand.

[From Monday's Daily.]

One week behind schedule time, the free delivery mail service was inaugurated in Norfolk this morning. The three carriers, William Darlington, Fred Sprecher and Chris Anderson, left the postoffice at 8 o'clock, with their brand new leather regalia.

The work of today has been, more than anything else, of a preparatory sort. People have been given cards to fill out, stating whether or not they want the service, and where they want their letters brought. One lone package was taken out by a carrier, to a house in the Heights. Darlington will carry the district west of the tracks, Anderson will cover the downtown territory and Sprecher will be at South Norfolk.

Two deliveries a day will be made, one in the morning and the other in the afternoon. Carriers will leave the office promptly at 8 a. m.

It had been thought at the postoffice that no mail should be sent out until the bonds of the carriers should be approved. A message from the department at Washington Saturday afternoon instructed the postmaster to inaugurate free delivery immediately, and the people will hereafter get letters brought to their very doors.

### MONDAY MENTION.

E. H. Lukart was in the city from Tilden yesterday.

Mrs. Frank Davis is sick with an attack of appendicitis.

Mrs. E. W. Madsen, of Eureka, Cal., is in the city visiting relatives.

Mrs. L. R. Craig and daughter of Pierce were Norfolk visitors today.

Miss Gruenwald of Pierce is here to attend the musical commencement.

The new home of A. Teal, in south Fourth street, is rapidly nearing completion.

Miss Elizabeth Hayes of Wayne was the guest of Miss Blanche Morr over Sunday.

Mrs. H. E. Warrick, who recently suffered an attack of pneumonia, is convalescent.

Ben Barshinger, now in the real estate business in Lincoln, is in the city today calling upon old-time friends.

Mr. and Mrs. A. H. Winder and children went to Pilger last night for a visit of about a week with friends.

Claus Newerk of Battle Creek passed through the city this morning on his way to California, for a speculating trip.

Rev. J. C. S. Wells and son, Jack, drove to Randolph yesterday where Mr. Wells held services last night. They return today.

John Read and Heman Walker have returned from the state university at Lincoln. Ernest Bridge will be home tomorrow noon.

The fifth and sixth grades, Lincoln school, will meet at the building Tuesday morning at 10 o'clock, for a picnic in Edgewater park.

The feed store of Wallace Dixon has been bought by Mr. Bodkin, a resident of south Thirteenth street, who has already charge of the business.

Mr. and Mrs. Bullock, parents of E. A. Bullock who have been at his home for several months, left this morning for a visit in Omaha and Iowa.

Large fish are being caught in the Elkhorn. Shad, sturgeons and the like are not infrequently hooked. J. Hersheiser caught a 20-pound catfish yesterday.

Miss Josie Hagey returned Saturday night from Champaign, Ill., where she has just finished a library course. She will take charge of the Beatrice city library immediately.

N. A. Rainbolt and Dr. F. G. Salter returned this morning from Long Pine, where they had been trout fishing for a few days. They had fairly good luck and a very good outing.

Wm. Maier, an employee of the Reed barber shop, received a telegram yesterday from his father stating that his sister was very sick in Denver. He left for Denver yesterday afternoon.

Prof. E. H. Scott of Chicago arrived this noon from Lincoln to preside at the commencement exercises of the Western Conservatory of Music, which takes place tonight at the M. E. church.

E. A. Bullock, M. D., Tyler, G. A. Lukart and H. T. Sonnenschein returned from Omaha Saturday night. They left this morning again, for that city, where they are interested in a law suit.

Street Commissioner Beeswick had the grader on the streets today operating to place some of those large bumps in the declivities where they would be of use toward improving the conditions for teamsters.

After a few day's visit at home, F. G. Corry returned this morning to Marion Junction, S. D., where he is closing out a stock of merchandise which he came in possession of through a trade in South Dakota land.

The limit for a ball game was played at West Point yesterday between the team of that town and Beemer. Thirteen innings were played without a score, Bucklen, the one time Norfolk twirler, handling the leather for Beemer.

Mrs. S. E. Hull left on the noon train

for Illinois, where she will pay an extended visit to her sons and daughters. Her daughter, Mrs. E. E. Adams, accompanied her as far as Beemer for a week's visit with her sister, Mrs. W. L. Dutcher.

Mrs. E. C. Harris and daughters, Miss Lulu and Miss Frances, passed through the city Saturday evening enroute to their home in Chadron from Chicago. Mrs. Harris had gone there to meet Miss Lulu, who attends St. Agnes school, in Albany, N. Y.

A stylish gray horse, hitched to a road wagon containing three ladies, went down on Madison avenue yesterday afternoon, probably the result of the extensive heat. The animal was taken into the shade and soon recovered sufficiently to be driven away.

A local ball game was played in the park north of the city yesterday afternoon, resulting in a tie game with eleven scores for each side. Pretty good material was developed and it is thought that Norfolk could run a mighty good club on home talent. A game next Friday, with Wayne, is a possibility.

The summer meeting of the Nebraska Park and Forestry association is to be held at York on Tuesday, June 16. In connection there will be a flower show, at which it is said there will be the finest display of peonies ever seen in the west. Over 800 varieties and 35,000 plants, in full bloom, are to be on exhibition. Prof. Samuel B. Green of the Minnesota state university will address the park and forestry meeting. L. D. Stilson of York is secretary.

### IN POLICE COURT TODAY.

Boche Was There But Untried.

[From Tuesday's Daily.]

According to instructions received from the game warden, Jake Rainey, who arrested him yesterday, Herman Boche, with his wife and friends, appeared at Judge Hayes' police court this morning promptly on schedule time. The judge was there and Boche was ready to be tried on the charge of catching too many fish, but was sent away from the court, untried, because the game warden failed to put in an appearance or to file complaint. Boche got into his buggy and drove back home, five miles in the country. About an hour later, the warden showed up at the court, signed a complaint and then drove out after the defendant. He set the hearing this time for 2 o'clock and if Boche refused to come, a warrant would be sworn out and the fisherman re-arrested. When some one spoke of Boche's being inconvenienced so often, the warden said, "I have eighteen months to file a complaint. There is no hurry about that."

Boche was arrested yesterday morning for having seventy-four fish in his possession, while the law places a limit on the number, of twenty-five.

### Was Drunk and Disorderly.

Perry Law was arrested last evening and brought before Police Judge Hayes on the charge of "drunk and disorderly conduct." He pleaded guilty, was fined \$10 and costs, had no money and was sent to jail to lay it out on a fare of bread and water.

### TRAIN EIGHT HOURS LATE.

Passenger From Sioux City Delayed by Wreck at Emerson.

[From Tuesday's Daily.]

The passenger train over the O. St. P. M. & O. railroad, due to arrive in Norfolk from Sioux City at 7:40 o'clock last evening, and to spend the night in the yards at this place, came in at 3:40 o'clock this morning, just eight hours behind time. The cause for the train's delay was a wreck near Emerson yesterday afternoon, which derailed a freight train and around which a track had to be built before the passenger could move. The train wrecked was going to Bloomfield. Two cars jumped the track and the whole train piled up. No trains with which the delayed passenger connects, waited for it.

### Do You Want a Camera?

Boys and girls, here is a chance to secure a good camera absolutely free. We will give you a Brownie camera, made by the Eastman Kodak Co. This camera is not a toy, but is a reliable and accurate instrument making pictures 2 1/4 x 3 1/4 inches, which are as sharp and clear as pictures made by most \$10 and \$15 cameras.

Send us three new subscriptions to the Weekly World-Herald, prepaid for one year, and we will at once mail you, postage paid, a Brownie camera.

The subscription price of the Weekly World-Herald is \$1.00 per year.

Address,  
WEEKLY WORLD-HERALD,  
Omaha, Neb.

\$50.00 to \$100.00. Read Jones' ad. in other column.

Cuts, Bruises and Burns Quickly Healed. Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment. For sale by Kiesau Drug Co.

While Wise Doctors are studying the bacillus of consumption, thoughtful laymen realize that a bad cold accompanied by coughing, sore throat and tightness across the chest is too serious a matter for delay or experiment. They also realize that Allen's Lung Balm cures a common cold in a day or two. Obsolete cases take more time, of course.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by Kiesau Drug Co.

## THE OLD RELIABLE

**ROYAL**  
**BAKING**  
**POWDER**

Absolutely Pure

**THERE IS NO SUBSTITUTE**

## TWO CENTS ON ALL LETTERS

Patrons Must Pay Double for Drop Letters.

WEST OF THIRTEENTH IS OUT.

No Mail is Delivered to That Section of the City—Farmers on one Side Get Rural Routes, People on This Get City Service.

[From Wednesday's Daily.]

It should be remembered that with a free mail delivery service inaugurated, patrons will have to pay more money to send city letters. The price just doubles. Drop letters which have heretofore required but a 1-cent stamp, must bear a 2-cent adhesive plaster, or they will remain undelivered.

The carriers have begun to take out pretty respectable looking pouches every morning and every afternoon, now, and the system promises to be much used. People living in the west side of south Thirteenth street, and in the city limits west of that, are placed in rather a peculiar predicament. While their city friends on the east are getting two deliveries every day, by city carrier, and while their farmer neighbors on the west get a free delivery every day by rural route, they are left lonesomely out in the cold, with no delivery of any kind. The result is that the inhabitants of that territory walk two miles for their letters while people on all sides sit quietly at home and have their mail brought right to the door.

The carriers have not yet received their grey regulation uniforms, but they have their stars, and can go about clothed in authority whether their suits ever come or not.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by Kiesau Drug Co.

### PICNIC OF MACHINISTS.

Sioux City Railroad Men Completing Arrangements for Outing.

[From Wednesday's Daily.]

The committee to arrange for the picnic to be held here a week from Saturday and to be participated in by the employees of the Omaha railway shops at Sioux City and their families, is expected here sometime this week to complete the arrangements for the outing. They have written desiring the use of the base ball park for a couple of hours, on which will be held the sports of the occasion—foot races and other contests to form a program of about two hours' duration. The Norfolk business men may be asked to contribute the prizes for these events, and if they are the probability is that they will contribute cheerfully and liberally, as this is all that will be asked for bringing the event to Norfolk, and there are few in business who will not realize a benefit.

The party will come in a special train of ten coaches, will bring their own band and orchestra and will come for the purpose of spending the day in a Norfolk park and having a thoroughly enjoyable time. The committee is in communication with Chas. Rice, who has offered to help look after the local arrangements for the picnic and outing.

### GOVERNMENT SANCTIONS.

Supervising Architect Wires Permission to Lay Corner Stone.

The ceremonies under which will be laid the corner stone on Norfolk's federal building, June 18, have received the sanction of the government, as noted in a telegram that came to Superintendent of Construction Fain this morning. It follows:

Superintendent Construction Post-office, Norfolk, Neb.—Permission granted for corner stone ceremonies, subject to letter and drawing forwarded today.

J. K. TAYLOR,  
Supervising architect.

### Honors to Norfolk.

[From Tuesday's Daily.]

The following dispatch has been sent out to papers:

Cambridge, Mass.—George Allan England, a Norfolk, Neb., man, who

has made a powerful record all through his course at Harvard, has just captured the \$250 Bowdoin prize for the best English dissertation submitted by an undergraduate. England graduates in a few days. He is a member of Phi Beta Kappa, the highest scholastic society at Harvard, and one of the most brilliant men Harvard has had in years.

**THEY COME FOR HUNDREDS OF MILES TO SEE HER.**

Nothing so Wonderful in the Days of Specialism.

Dr. Caldwell.

The success of Dr. Caldwell is attributed to her special study of specialism. Dr. Caldwell, student, philanthropist and physician of wide reputation, having given her entire time and practice to a line of special diseases, which enables her from long experience in handling these troubles to certainly come forward as a master specialist. Her faculty for mastering disease, her ability to diagnose, and her plan of treatment is not excelled by few other physicians. Dr. Caldwell, although a young woman in life, a plain woman, and one who is used to the ups and downs in life, puts herself on a level with her patients and does not pretend to practice the old plan of fashion, which is to look wise and say nothing. She knows disease; she knows where to look for disease, and the spot where located, and most of all she knows from experience, from what she has done in the past, she can certainly do for others in the future. It is said by Dr. Caldwell's friends that she can diagnose a disease of any patient without asking them a single question, that being the case, she is not likely to doctor them for the wrong ailment; she will not take an incurable disease and lead the patient to believe that she can cure them when there is really no hope for them. Her business is large and she has plenty to do, even at times, more than she can do, without taking incurable diseases and deceiving her patients. Dr. Caldwell is a graduate from one of the best schools in America. She has practiced her profession in some of the principal hospitals in this country. Her specialty comprises that class of diseases which the ordinary home doctor fails to cure, such as female diseases, heart diseases, diseases of children and the many special diseases of hidden nature. Her practice is mostly among the plain, hard working people who are unable to come to her city office for treatment; she is reasonable in her charges and very lenient with those who are not able to pay. She is charitable, and it is said has never been known to refuse to treat a patient who is worthy and in need. A number of the important cases that we hereby take the liberty to publish, which might be of interest to some who wish to know more of Dr. Caldwell's great work:

Sophia Kran, Albion, Neb., cured of a bad skin disease.

Mrs. Lulu Towles, David City, Neb., cured of female trouble and female weakness.

Mrs. C. W. Killian, Wakefield, Neb., cured of a tumor and liver and stomach troubles.

Mrs. E. A. Studer, Wayne, Neb., cured of female and nervous troubles.

Mrs. C. Linn, Hoskins, Neb., cured of ovarian trouble and bladder trouble.

F. J. Rob, Albia, Neb., cured of bronchial trouble, enlarged liver and dropsy.

Mrs. Minnie Rudat, Columbus, Neb., cured of skin disease and kidney trouble.

Mrs. W. D. Burr, David City, Neb., cured of skin disease, nervousness and loss of appetite.

Mrs. Chas. Miller, Wayne, Neb., cured of dropsy, kidney and liver troubles and nervousness. She had been troubled for years.

Mrs. C. W. Anderson, Norfolk, Neb., cured of general debility, enlarged liver and pain in chest.

Mrs. John Bauman, Benton, Neb., cured of bladder trouble and constipation.

Mrs. S. P. Amick, Tekamah, Neb., cured of tumor, womb trouble, loss of appetite and constipation.

The housekeeper should bear in mind that alum makes a cheap baking powder. It costs but two cents a pound, while cream of tartar costs thirty. The quality of the powder, is, therefore, usually indicated by the price.

Do you feel run down? Does your system need help? Man-Er-Vine tablets will bring back the glow of youth and vigor. Food for the brain, blood and nerves. Try them. For sale by Kiesau Drug Co.
